**Commenting on the Results, Mr. Shilpan Patel, Chairman and Managing Director said,** - “We are pleased to report that Arrow Greentech has delivered the highest-ever revenue of Rs. 2,434 million in FY25 - a robust year-on-year growth of 64%. We have consistently exceeded our performance benchmarks year after year, and this sustained momentum reinforces our confidence in the company’s long-term growth trajectory. Our profitability has also shown significant improvement, with Profit After Tax (PAT) doubling to Rs. 630 million in FY25 from Rs. 293 million in the previous year — representing a growth of 115%. This performance is particularly commendable given the challenging macroeconomic environment, and it reflects the strength, resilience, and adaptability of our business model.

The Hightech Products has been a key growth driver, registering an impressive growth of 79% yoy. This growth

reflects our continued commitment to anti-counterfeit solutions and our ability to capture opportunities in high-value securitization globally. We believe this segment still holds immense potential, and we are well-positioned to capitalize on it in the coming years. Within our Green Products, we remain focused on business development by identifying new application areas and strengthening our presence across a wider range of industry verticals.

During the Q4 quarter, we were granted a US patent (No. 12194771) for its “Dual-Color Shift Security Film” an innovative solution that enhances document security through color-shifting features and improved counterfeit resistance. This development further strengthens our intellectual property portfolio and underlines our commitment to innovation-driven growth.

Looking ahead, we remain focused on strengthening our product portfolio by expanding and diversifying our product basket to meet the evolving demands of the industry. Our commitment to sustainable growth is unwavering, driven by continuous innovation, cutting-edge product development and the strategic filing of new intellectual property. With a clear roadmap, strong R&D capabilities, and a dedicated team, we are confident in our ability to sustain this momentum and deliver long-term, sustainable value to all stakeholders”
